Description

The B130-202A VGA with Audio over Cat5/Cat6 Extender Kit allows you to extend two 1024x768 VGA video signals + Stereo Audio up to 500 ft., over ordinary Cat5e cable, from a single VGA+Audio source. The Transmitter / Receiver kit also features two local VGA HD15 ports, allowing you to connect up to four VGA monitors, two local and two remote.
